1. Background

The Covid 19 pandemic in India has left tens of thousands of women newly widowed, struggling to adjust to a new life. Many of these women have never worked in a paying job before. Most of them lost the sole breadwinner of their families, and as their worlds changed overnight, they are struggling to manage the double burden of grief and financial difficulties. Gender roles and patriarchal norms at home mean they were financially dependent on their male partners and have been excluded from financial services.

COVID-19 continues to affect lives and livelihoods around the world, one can already see that the pandemic and its economic fallout are having a regressive effect on gender equality. **To support the women who lost their husbands to Covid -19 pandemic (Covid Widows) and their families, Hero Moto Corp, launched a Project - 'Hero for Humanity' in different states of the country. For implementing the project in states of Odisha and Karnataka, Association for Business Women in Commerce and Industry (ABWCI) has been selected as implementing partner.** Under phase 1 of Project, a total of 300 Covid Widows were selected from both the states for extending basic sustenance support for six months.

2. Project Implementation

The implementation of Hero for Humanity project entailed the following steps:

Step 1 – Need Assessment, Identification, Shortlisting and Selection of Beneficiaries

After the signing of the contract with Hero Moto Corp, ABWCI conducted an assessment from the period February 2022 to June 2022, for identifying and selecting project beneficiaries. Under phase 1 of Project – Hero for Humanity, in total 300 Covid Widows were selected for extending basic sustenance support for six months. The beneficiaries were women whose husband died due to Covid 19 Pandemic, between the period February 01, 2022 to till date.

The final list also included special cases like Covid Widow who were needy and didn't have children, they would be provided ration support only. Similarly, the list had Covid widows who have children below 5 years, i.e; the ones who are not of school-going age, such women were also provided with ration kit only and no monetary support for education.

Step 2- Project Launch/Kick-Off Events

The project Hero for Humanity was launched in July-August 2022, in Odisha and Karnataka respectively. The events were attended by project staff in both the states and officials from ABWCI and Hero Moto Corp. The programme was widely covered by media in both the states. Hero Moto Corp handled the media and PR for the event, and it received wide coverage in print media.

2.1 Odisha

Date/Venue

28 July 2022, Community Centre, Dharma Vihar, Bhubaneswar, Odisha

Programme

The event was presided by Manju Prava Dhal, Project Manager and attended by ABWCI, Savita Sethi from ABWCI and Kamal Jeet and Anuneeta Chatterjee from Hero moto Corp. The Covid Widows

attended the Project Launch Meeting along with their family members. Around 75 people attended the programme which included 27 Covid Widows.

Project Kick-off event in Karnataka

2.2 Karnataka

Date/Venue

04 August 2022, Gandhi Bhavan, Kumara Krupa Road, Bengaluru, Karnataka

Programme

The event was presided by Revanna Sidappa, Project Manager, ABWCI and attended by Savita Sethi from ABWCI and Kamal Jeet and Diksha Kumari from Hero Moto Corp. Around 70 people attended the programme which included 30 Covid Widows, the list is given in the following section.

Project Kick-off event in Karnataka

Step 3- Distribution of Grocery Kits and Online transfer of fund for education support

Grocery kit worth rupees three thousand only, were provided to all the 300 selected women. The kit included the ration items of daily needs. While the list of items was almost similar in both the states but there some variations depending on the context of a particular state/district. The variations were mainly in terms of one or two items that were a part of their diet and the quantity of some of them varied from district to district. The education support worth rupees two thousand only was transferred to the bank accounts of the women for their school or college going children. The online transfers were not done for the women who did not have children or had children below the age of 5 years (not school going children). From the list of 300 beneficiaries, 11 such women are not being extended education support of two thousand rupees only.

During the project period, the number of women who received grocery support and educational support varied from month -on-month. In the second quarter that is Oct-December 3 women got a job and the grocery support was withdrawn. Details of month wise numbers are given below:

Month/Support extended	No. of Women who were given grocery kit	No. of Women who were given grocery kit
July-August 2022	300	290
September 2022	300	289
October 2022	300	289
November 2022	297	286
December 2022	297	286
January 2023	297	286

Step 3- Detailed profiling of the Covid Widows and counseling to opt for sustainable livelihood alternatives

For each of the Covid Widow and their families, a detailed profile sheet would be filled in the next quarter, giving information about their educations, skills, number of family members etc, to get an holistic view of their situation. The detailed profiling will help in developing action plan for the phase II of the project which will entail, assisting them with best livelihood option. The visits by the project staff would be used for counselling the Covid Widows to encourage their children to continue education and that they themselves should aim to pursue any income generating activity.

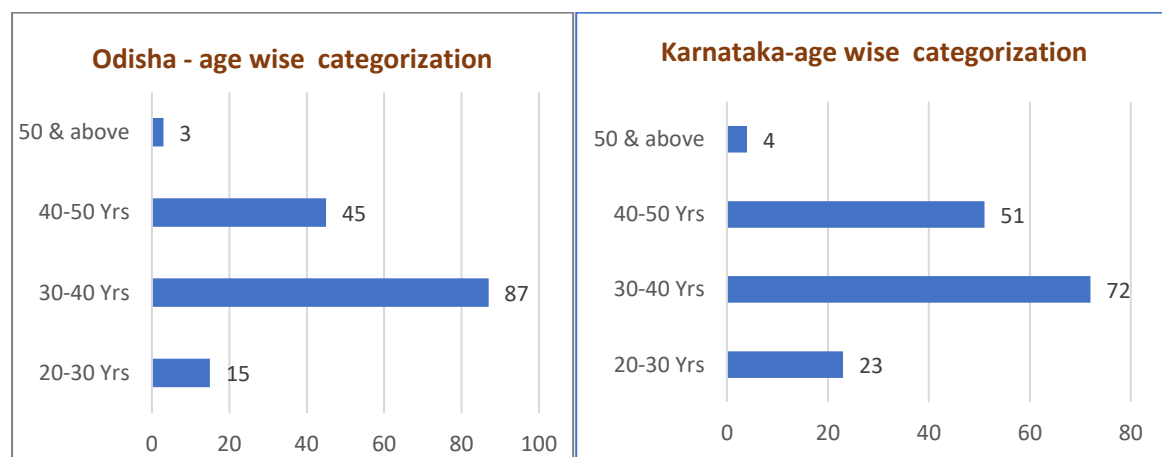

3. About the Beneficiaries/Profiles

ABWCI and its team have a strong presence in Odisha and Karnataka, and both the states have an established woman entrepreneur as its Presidents. A well-thought-through process was followed in sourcing the names of the Covid Widows in different districts of the state. The basic profile of the selected beneficiaries (Covid Widows) project staff was analysed on the basis of the age, geographical spread and number of children, and the categorization is given pictorially in the following sections:

Profile of the beneficiaries

Age

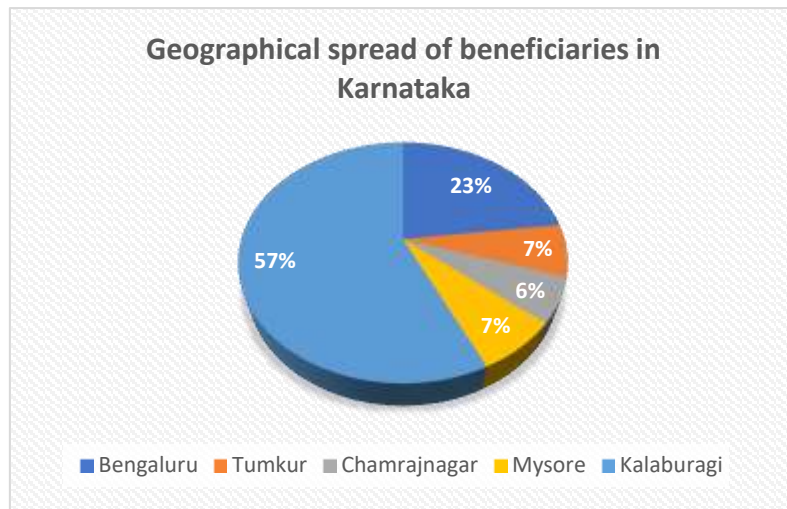

The categorization of the Covid Widows on basis of their age shows that in both the states, maximum number of Covid Widows were between the age group of 30 to 40 years.

From the state of Odisha, more than half, i.e; 58% beneficiaries are between the age group 30-40 years and 30% between the 40-50 years and 10% are below the age of 30 years and 2% above 50 years. In Karnataka, out of the 150 beneficiaries around 48% were between the age of 30-40 years, and 34% in the age bracket of 40-50 years, and 23 % and 4% respectively in the group 20-30 yrs and 50 & above. In both the states around half of the beneficiaries were between 30-40 years of age.

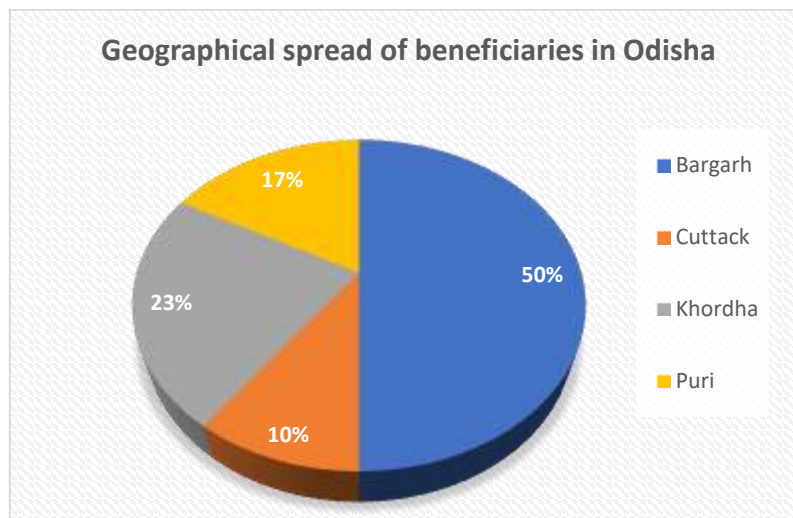

Geographical Spread

In the state of Karnataka, 5 districts were covered and 85 Covid Widows are from single district- Kalburagi (formerly known as Gulbarga) and rest of the 65 women are from 4 districts; Bengaluru, Chamrajanagar, Mysore and Tumkur.

District wise percentage of covid widows selected from Karnataka

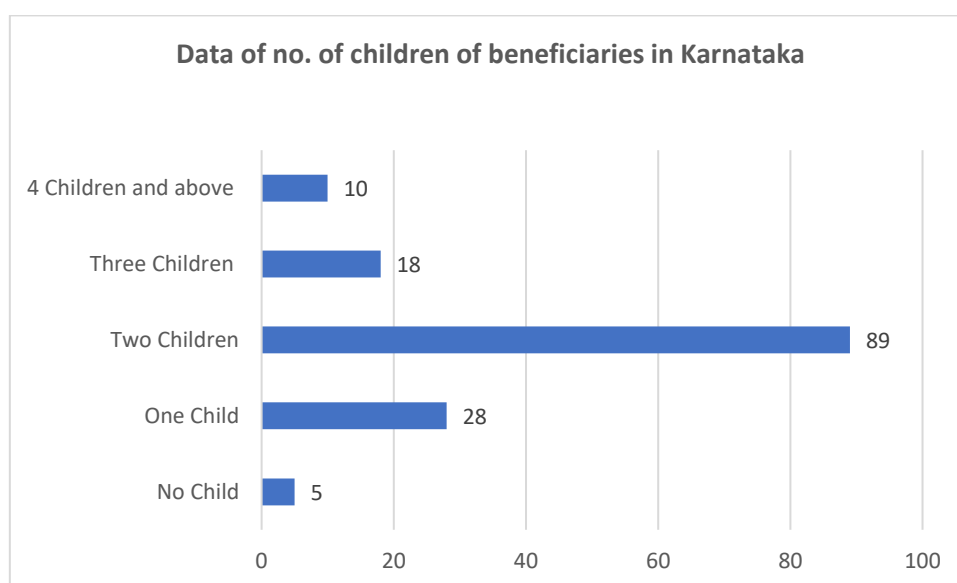

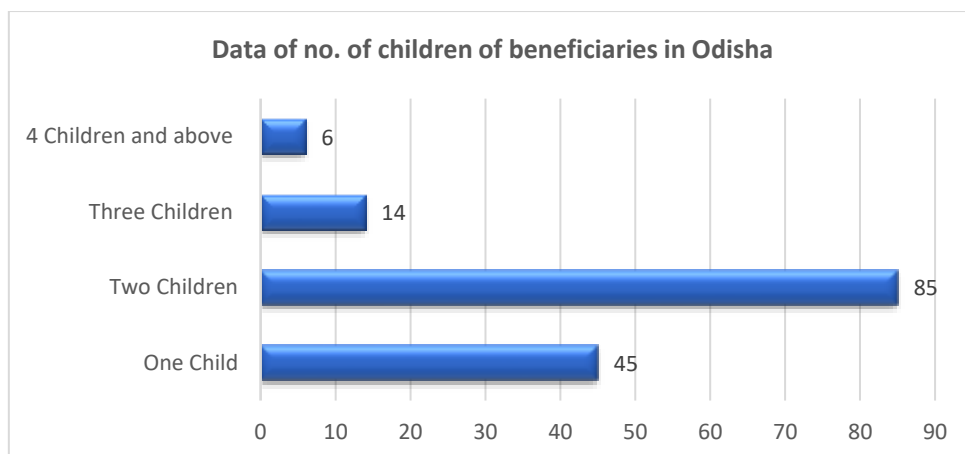

In Odisha, 150 Covid widows were selected from 4 districts. 75 women were identified from one district- Bargarh, and rest of 75 were from 3 districts: Khordha, Cuttack and Puri. Please note Bhubaneswar is covered in District Khordha.

District wise percentage of covid widows selected from Odisha

Family Composition (Number of Children)

In both the states, more than half of the women had only two children. In Karnataka, the list included 5 women who did not have children. During the field visits it was observed that most of these women either stayed with their in-laws, parents or had relatives in the neighbourhood. However, the relatives or acquaintances aren't in a position to support them financially.

The information regarding other data points like; educational qualification, skill training, type of household, other family members, accessibility to government schemes/aid, education of children etc., is being collected to assist the woman in taking steps towards her empowerment.

4. Project Implementation

The project implementation started towards the end of July. Until then the ABWCI team was reviewing the lists and visited every beneficiary enlisted for the programme, and first level of information was checked. The following required documents were collected from each of the beneficiary: (i) Aadhar Card /Ration Card and (ii) Bank Details (Copy of the cancelled cheque or bank passbook)

During the visit, each of the beneficiary was informed of the objective of the project and support being extended for the next 6 months. They were also encouraged to begin thinking about a livelihood option that they can take up to sustain their families.

The funds from Hero Moto Corp were received on 26 July 2022 and it was after that, the grocery (ration) kits were distributed to women and funds for supporting education of their children was transferred to the bank accounts of the women.

Grocery Kit

The grocery kits had ration material and items of day-to-day needs, but there was a variation in the quantity of the items, and based on the socio-cultural context of the state. Two vendors from Odisha and 2 from Karnataka were identified for supplying the kits. It was ensured that all the item are branded and of high quality.

Soon after the receipt of the funds, a kick -off meeting was organized in Bhubaneswar on 28 July 2022 for formally launching the project. The programme was attended by some of the Covid Widows (who stayed close to Bhubaneswar and were able to come for the kick-off meeting) and their family members. On 28 July 2022, the first lot of kits was distributed to only 25 women. Since there was very little time left in July, the kits could not be given to other beneficiaries in the month of July. The rest of 275 women were given kits in the month of August. Thereafter, the second kit to all the 300 women was given in the month of September. Thus, in the period of July-September, 2022, every woman received 2 set of grocery kits. In month of October, 300 women received the grocery kit, However from November 2022 to January 2023, ration kits were give to 297 women. The support was discontinued for the 3 women who received job.

Glimpses of the preparation of grocery kits and distribution to beneficiaries

Preparation of kits at the vendor's shop

Distribution of kits in Gulbarga

Distribution of kits in Bargarh

Distribution of kits in Cuttack and Bhubaneswar

Distribution of kits in Bengaluru

The list of the grocery items being given to the families in different districts of Odisha and Karnataka is as follows:

Grocery Kit for families in Bengaluru, Tumkur, Mysore and Chamrajanagar- Karnataka		Grocery Kit for families in Kalaburagi (Gulbarg)- Karnataka		Grocery Kit for families in Bargarh - Odisha		Grocery Kit for families in Cuttack, Khordha and Puri- Odisha

Education Support (Criteria) – Number

From the list of 300 Women, 10 women were not given 2000 rupees in the month of August 2022. Thus a total of 290 women received funds for their children's education. The funds for education support in the month of August was processed for 290 women on 30th and 31st August 2022. Out of which the transaction declined for 24 women, and project coordinators re-visited the women for verification of bank details. The funds of 2000 rupees, for these 24 women was processed in second week of September 2022. This time, fund did not go through to one woman's account namely Karubaki Samntaray w/o Shibshekhar Mohanty. She was paid education fund of August along with that of September, i.e 4000/- rupees were processed together.

In the month of September 2022, during the field visit to Bargarh, discrepancy was noticed in the details of children provided by one of the women and fund for education support has to be withdrawn. Therefore the number of Covid Widows who received education support reduced to 289. The funds for the month of September were processed for 289 women, on 28 September 2022 and transactions were declined for 7 women because of some technical glitch. Their funds finally went through in first week of October.

During this quarter- July to September, funds for education support was transferred twice to the accounts of Covid Widows. In month of October, 289 women received educational support for their children. However from November 2022 to January 2023, educational support was extended to children of 286 women. The support was discontinued for the 3 women who received job during this period.

The lists given in Annexure A, shows complete details of month wise distribution of ration kit and education support extended to them.

Human Resources

The project staff not only has a role in distribution of grocery kits but counselling of the woman and her children. The project coordinators have been identified and deployed on basis of the geographical spread of the beneficiaries. The staff remains in touch with women through telephone and the day the grocery kit is delivered, that visit is used for in-depth conversation with her and counselling.

5. Field Visit

In the month of September Savita Sethi from ABWCI and Anuneeta Chatterjee from Hero MotoCorp Limited (HMCL), visited District -Bargarh (Odisha). Along with the local Project Staff, they visited residences of the 14 Covid Widows, and spent time with them and their families. The visit was mainly to understand their situation and plans to earn a livelihood, for sustaining their families, more importantly the education of their children.

Apart from the ones whose residences were visited, an informal meeting was also organized for 25 women in Bargarh and some of them came with their children.

The meeting was mainly to get to know the women more and their situation. After brief round of introduction by ABWCI and HMCL, women shared about their education and families. The discussions impressed upon the need to either take up a vocation or start a small enterprise of their own. The women shared some of the options but were asked to draw up a realistic plan keeping in mind the demand and supply of the services/products that they wish to take up. ABWCI and HMCL staff advised the women to take little more time and with support of the project staff, firm up their plans. They were informed that once the plans are in place, ABWCI and HMCL would be in a position to consider supporting them. As a follow up, the project staff during their visits and phone calls with the Covid Widows, for counselling and hand hold them in undertaking livelihood options.

Visit to beneficiary's residence in Bargarh

Visit to beneficiaries' residences in Brapali and Bhatil, District Bargarh

Meeting with the beneficiaries in Bargarh

6. Way Forward

The aim of the project is to extend sustenance support to the beneficiaries for a limited period of time, by providing ration and education support, and for long term assistance empower them to take up any sustainable livelihood alternative. As a way forward the following activities were undertaken :

Detailed profiling of the women and collecting details about their household, extended family, acquired skills, children, availing benefits of eligible schemes etc. The detailed profiling will enable the

ABWCI and HMCL to consider supporting them in their journey ahead for sustainable livelihood and establish linkages with Government schemes or other institutions which empowers them and their families. Periodic counselling of the women by project staff to enable them to draft a plan for a viable income generation activity, which may be supported financially by HMCL in the next phase of the project.

A list of women who are interested in setting up a small enterprise for sustaining themselves has been attached as annexure. Around 250 women in total have been shortlisted for extending financial support in the second phase.

Annexure A

Lists of Covid Widows

The list given below gives details of the months in which every omen received grocery support and education support. The women who did have children or the children are below the school going age, were only given ration support. Also the support was discontinued to women who got a job or migrated to another state.
